**ACADEMIC SCHOLARSHIPS PROGRAM 2022**

---

**CALL FOR SCHOLARSHIP APPLICATIONS FOR UNDERGRADUATE AND  
GRADUATE ACADEMIC STUDIES, AND GRADUATE RESEARCH**

**About the OAS Academic Scholarships Program**

OAS Academic Scholarships are awarded to citizens of the Organization of American States (OAS) member states to undertake undergraduate or graduate studies and/or graduate research that lead to a degree at an accredited or recognized university or higher learning institution in an [OAS member state](#), with the exception of the candidate's sponsoring country. Studies must be carried out on a full-time basis, and can be undertaken onsite, online, or a combination of both.

**Length of the Scholarship**

The Scholarship is awarded for a minimum period of one (1) academic year and a maximum period of two (2) academic years. These scholarships are contingent upon the continued availability of OAS funds, the good academic performance of the student during the first academic year, and the confirmation by the academic institution that the renewal period for the second year is necessary to complete the program of study for which the scholarship was initially awarded.

**General Requirements**

1. Be a citizen or permanent resident of an OAS Member State.
2. Be in good physical and mental health to complete the program of study successfully.
3. Possess the language competence to undertake studies in the language of the institution in country of study.
4. Agree to the obligation to return and reside in the sponsoring country for a minimum period of no less than twenty-four (24) months after completing the program of study covered by the OAS scholarship. Applicants for online studies must agree to remain in the sponsoring country for the same period of time.

**Benefits**

OAS Scholarships have a monetary cap of US\$10,000 per academic year. Funds may cover the following benefits and are assigned on a case-by-case basis:

1. Tuition and mandatory fees
2. Health insurance
3. Monthly complementary subsistence allowance
4. Roundtrip air ticket
5. Books/study materials

**Where to study**

Scholarships are tenable at academic institutions at any [OAS member state](#) participating and not participating in the OAS Consortium of Universities. **Scholarships are not awarded to study at academic institutions in the sponsoring country.** Candidates must apply directly for admission to their desired programs of study<sup>1</sup>. The OAS [Consortium of Universities](#) was created in 2000 to negotiate tuition waivers, reductions and additional scholarship benefits with educational institutions in the Americas. The Consortium presently comprises over one-hundred higher education institutions. Applicants are strongly encouraged to apply to institutions participating in the OAS Consortium of Universities because of lower tuition rates negotiated with them.

---

<sup>1</sup> The OAS does not award scholarships for studies in the [Medical Sciences](#) or the learning of new languages.
